

SVETLANA GORDEEVA

Selected Interior Projects

LUXURY RESIDENTIAL INTERIOR DESIGN
CONCEPT · MATERIALS · FF&E · REALIZATION

DESIGN PROFILE

Interior designer with a background in premium interiors, luxury residential projects, FF&E, materials, procurement coordination, and implementation.

My work focuses on layered interiors where concept, materials, furniture, lighting, bespoke details, and realization are developed as one coherent story.

Experience includes large-scale private residences, turnkey luxury homes, and a 4,500 m² corporate headquarters.

Private Residence — Full-Scope Interior Design

Moscow Region, Russia
approx. 1,938 m²

Selected fragments from a
full interior design project
presented with respect to
client confidentiality.

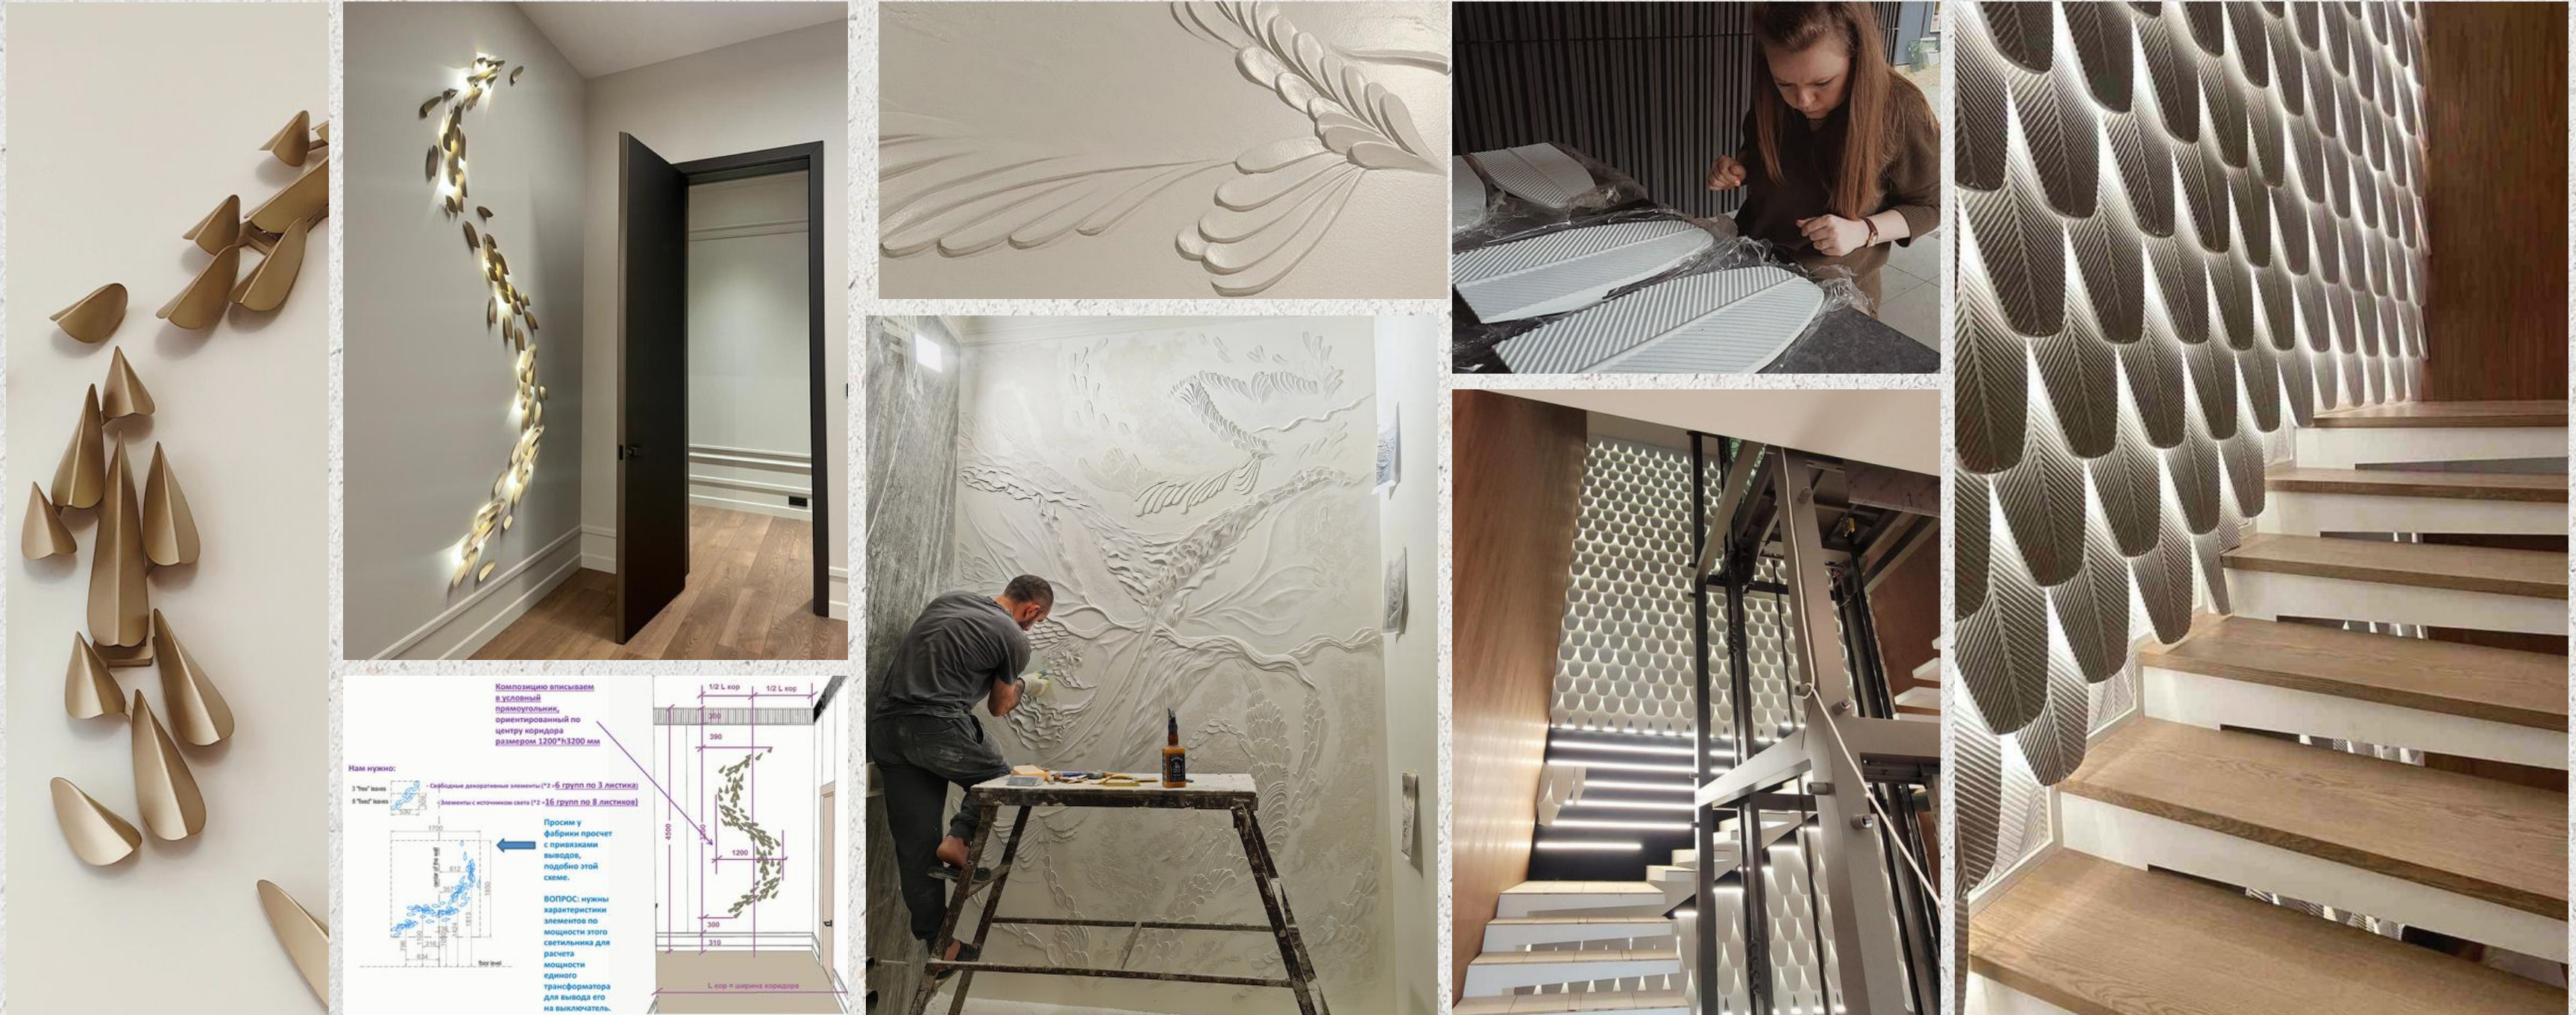

Role: Interior Design Lead

Scope: Concept · 3D Studies · FF&E · Materials · Bespoke Details · Site Supervision

Bespoke Details & Implementation

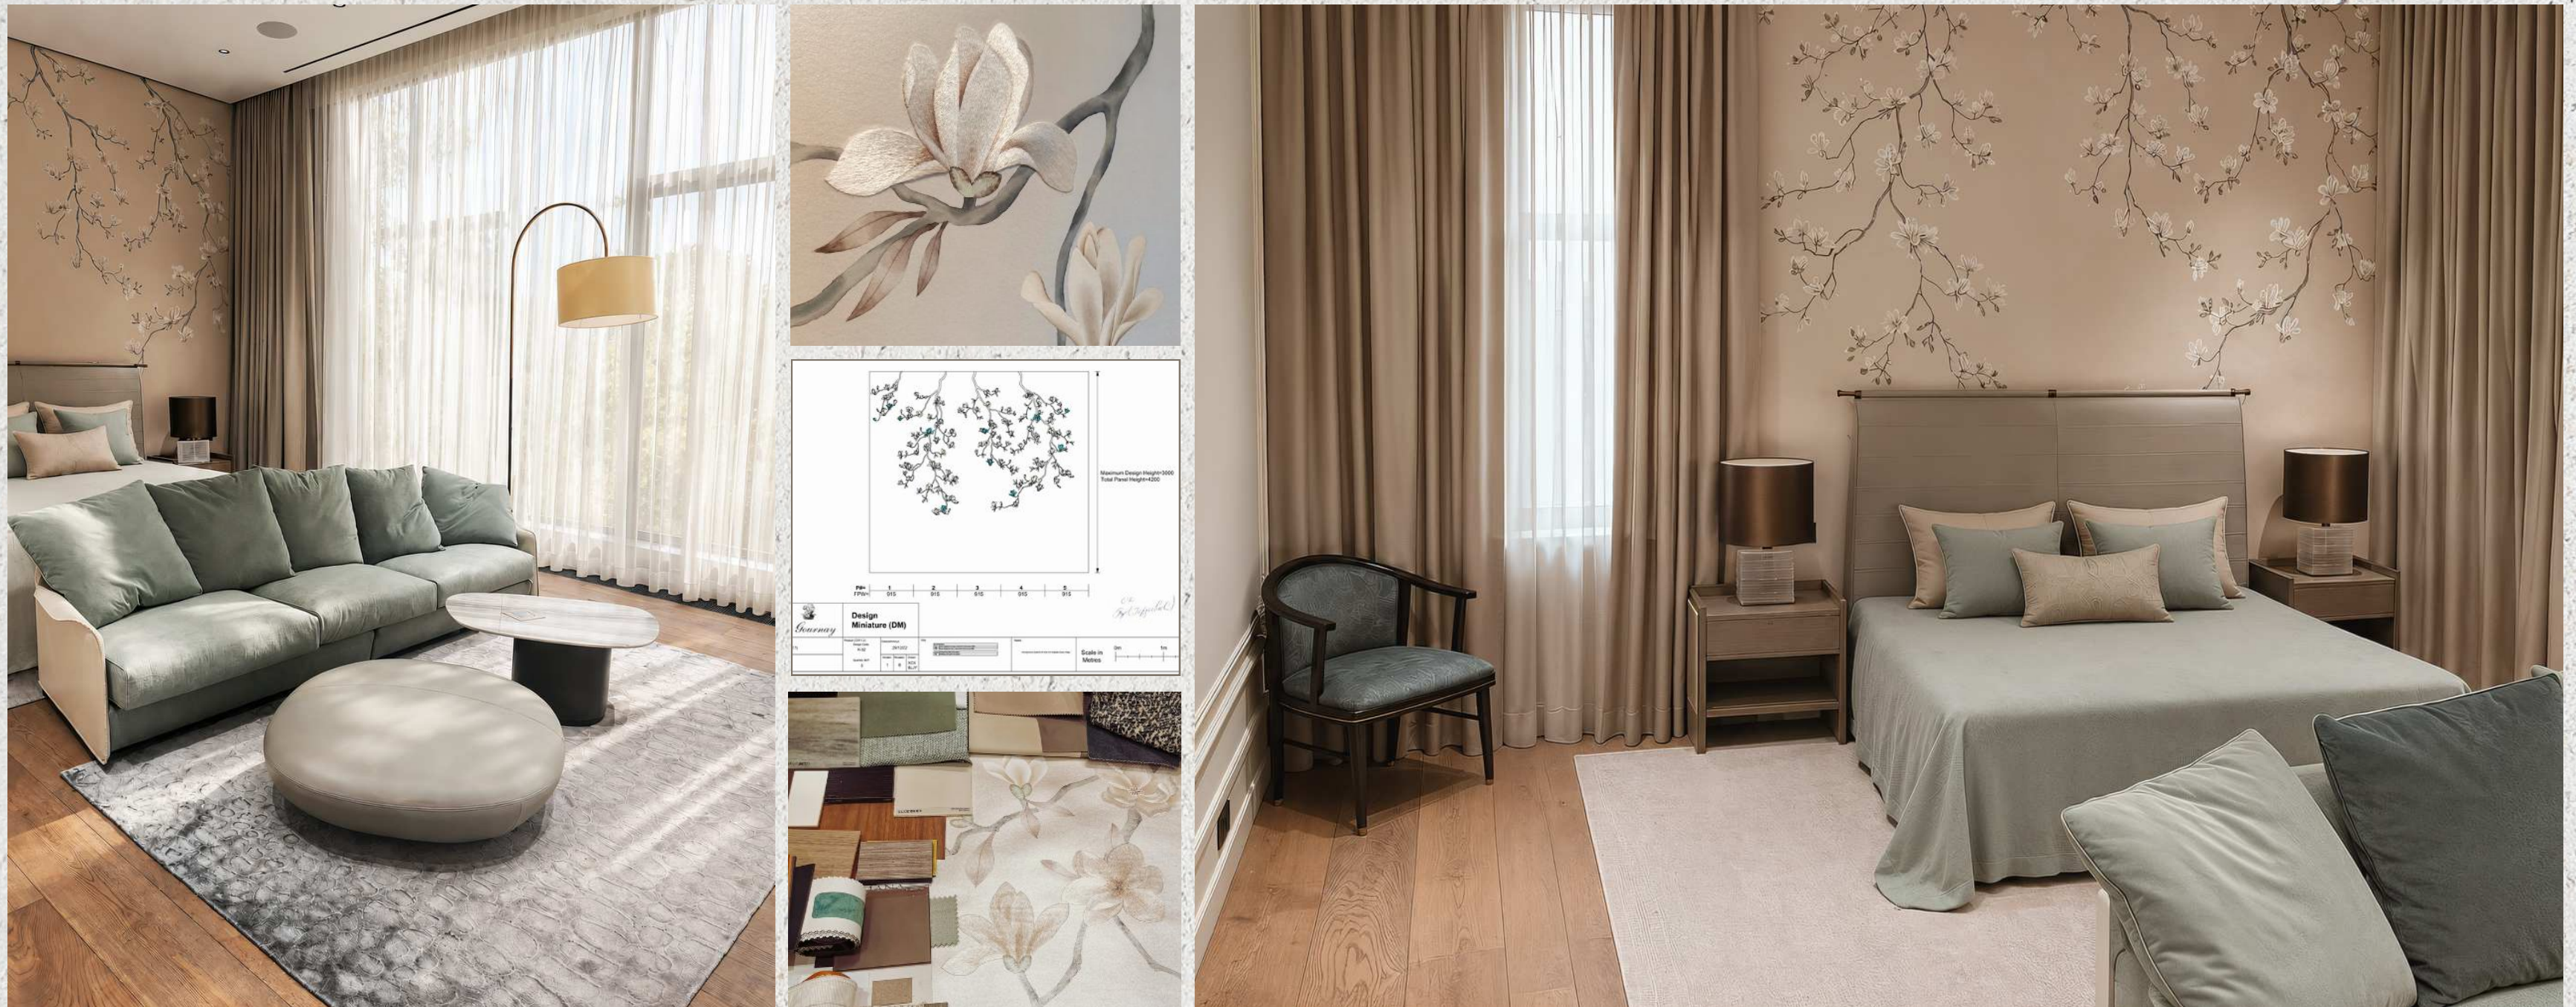

Nature-inspired details exploring lightness, movement, and material texture throughout the residence

Custom lighting · Sculptural wall reliefs · Material details · Site supervision

Private Suite & Magnolia Motif

Selected fragments from a private bedroom suite where the magnolia motif develops through textiles, wall details, FF&E, and a soft, muted palette.

Bedroom · Lounge area · Magnolia motif · Textile palette · FF&E

Magnolia Reliefs & Bathroom Details

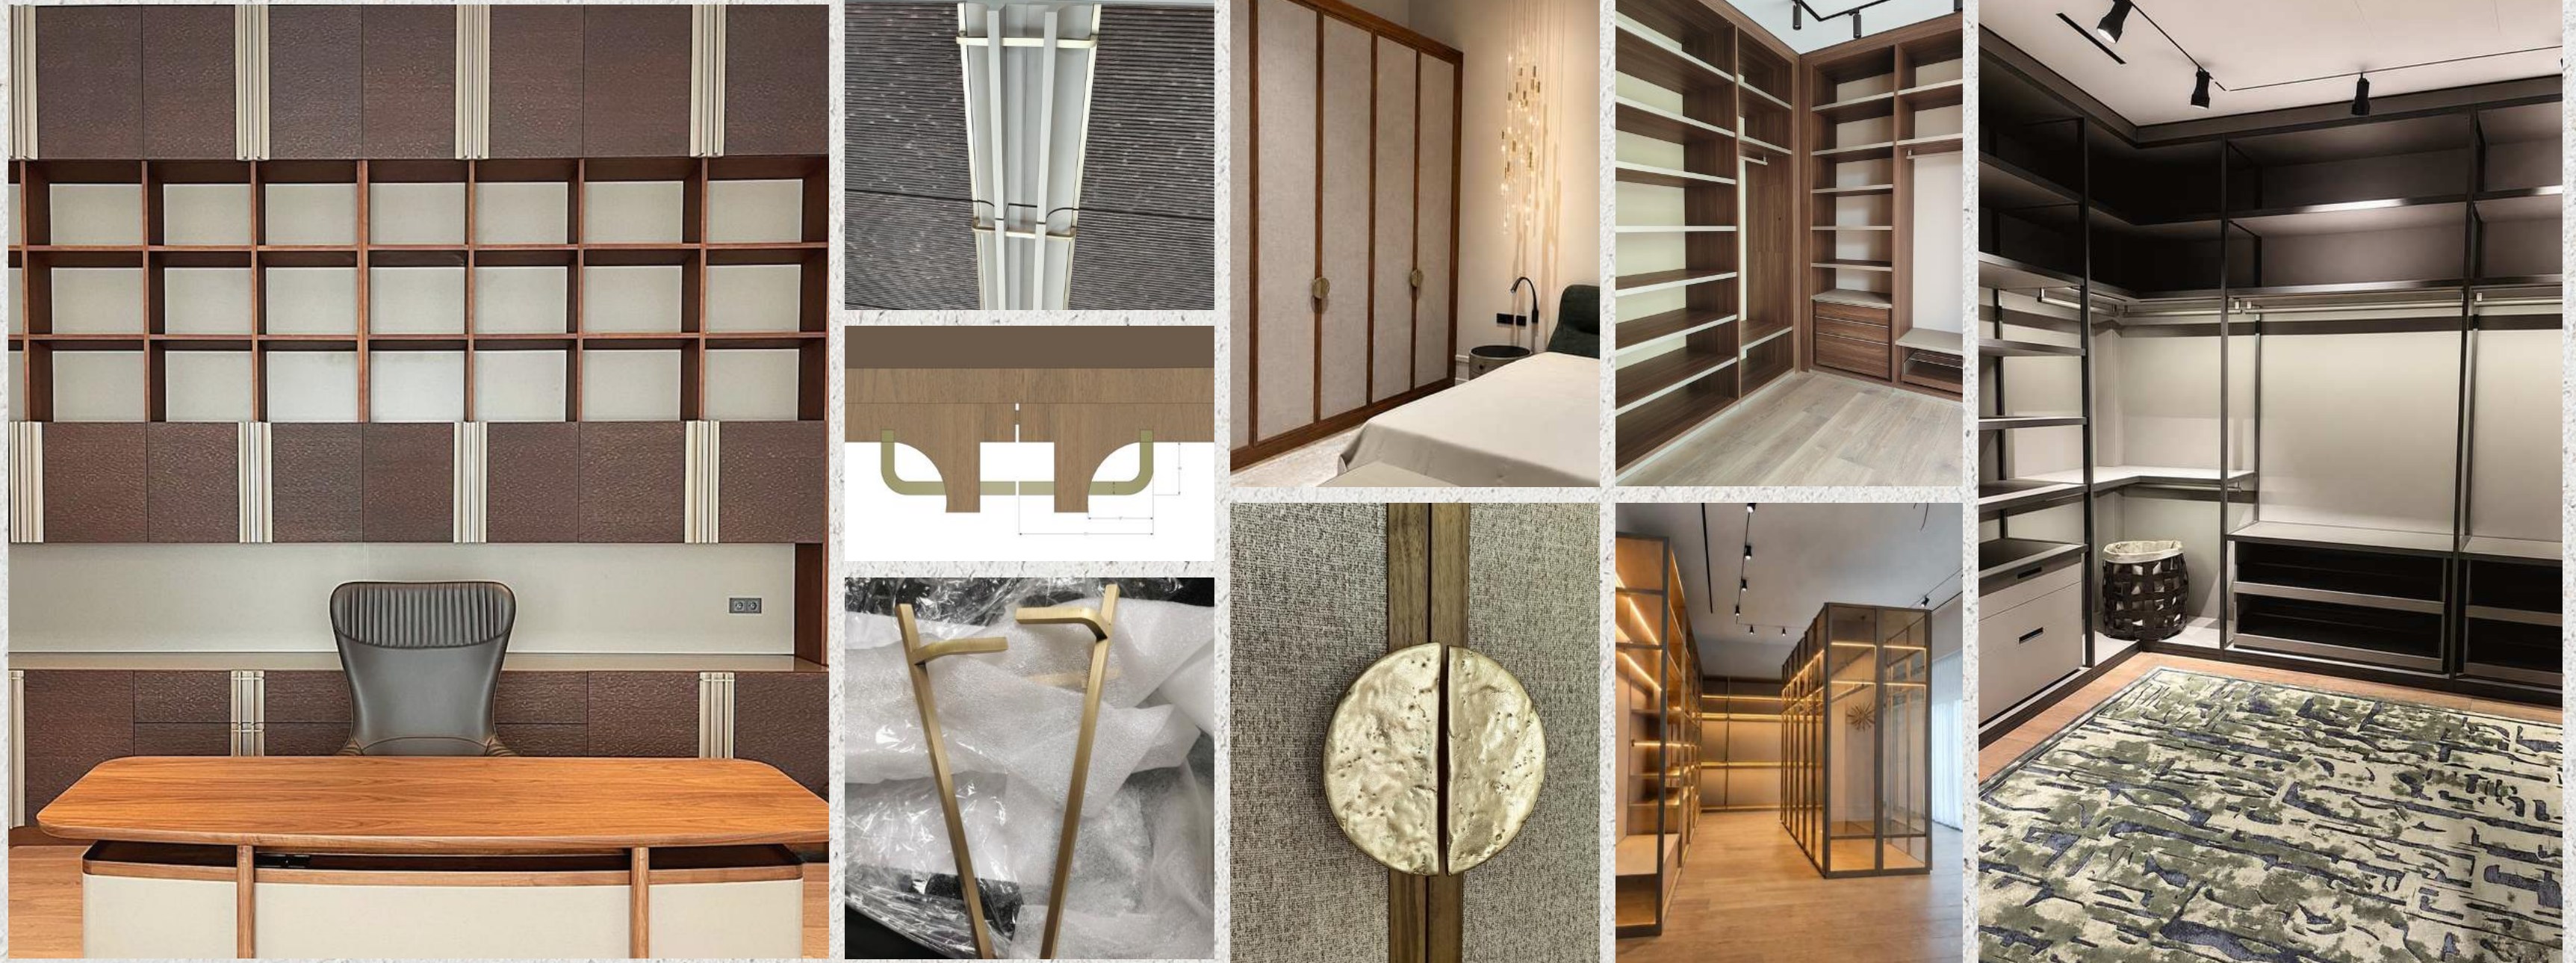

The magnolia motif continues into the adjoining bathroom, where floral studies and sculptural wall details translate the suite's soft visual language into tactile wall surfaces.

Floral studies · Relief studies · Sculptural wall details · Bathroom details · Site supervision

Bespoke Furniture & Storage Systems

Custom cabinetry, dressing rooms, hardware details, and material finishes developed individually for private suites and functional areas of the residence.

Dressing rooms · Custom cabinetry · Hardware details · Storage systems · Material finishes

Leisure, Wellness & Material Details

Selected leisure and wellness areas developed through custom wall finishes, warm lighting, natural materials, and site supervision.

Pool area · Billiard room · Custom wall finishes · Atmospheric lighting · Site supervision

FF&E Selection for Developer-Built Residences

Developer-built private residences prepared for sale · approx. 1,430–3,242 m²

Market-ready furnishing developed according to the developer's brief, market positioning, and target buyer profile.

Furniture layouts · Decorative lighting · Décor · Factory orders · Shipment tracking · On-site placement

Room-by-Room Furnishing Scenarios

Furnishing concepts developed to help future homeowners imagine each residence as complete, functional, and ready for everyday living.

Furniture selection · Layout planning · Decorative lighting · Décor placement · On-site styling

Corporate Headquarters — Interior Design Development

Large-scale headquarters project developed through planning studies, material palette, FF&E, and interior concepts for executive, public, workplace, and hospitality areas.

Due to project confidentiality, the project is shown through concept visuals, planning studies, material samples, and selected working fragments.

Approx. 4,500 m² · Executive office suites · Meeting rooms · Workspaces · Corporate café · Public halls

Representative Areas & Executive Meeting Rooms

Concept visuals for public and executive areas, developed through furniture selection, decorative lighting, material palette, and a refined corporate atmosphere.

Reception lobby · Executive meeting rooms · Furniture selection · Decorative lighting · Material palette
